- DENISE'S FAMILY - LOSS OF MOM
- PHIL BEGAN MDIV WITH NNU ONLINE
- HEALING MORGYN'S FINGER
- FINANCES FOR NYC 2011 - MAKENZIE

What a Month!

So many events each month make it hard to stay within one page!

*Phil hiked 90 Km in the Fish River Canyon in Namibia (second largest canyon in the world)

*Makenzie and Kathy Messer videotaped a story in House of Prayer Church of the Nazarene in Durban. This was life-changing for Makenzie in so many ways. She found that she loves videography.

*Morgyn's finger seems to have grown to

it's normal length...we are praying she will soon regain normal use of her hand.

*After knowing we needed to have two cars because our ministry positions take us in opposite directions, we were blessed to be given a 2000 BMW 320d for R30,000 ~\$4,000USD by a family who wanted to bless us because we are missionaries. It is about half the cost of it's value. Praise God!

*Phil finished his online orientation

course for his MDiv at NNU and is now in the first course. He is enjoying it but really having to manage his time with full time ministry and family.

*Denise is teaching the first online course for NTC in Sociology. There are 9 students from 4 countries

*We visited Tishaona and gave him the cash gifts everyone gave to us for him while on deputation. He was very thankful to each of you who gave!
